Subject: Petition

Hello Laura

We have finally launched our local petition along with our public education campaign. Below you will find links to everything. It took a little longer to launch than anticipated because we decided on a different approach here in Minden, after discussions with local leaders.

Here are the links for social media

<https://www.facebook.com/RFOntario>

<https://twitter.com/RFOntario>

<https://www.instagram.com/rodenticidefreeontario/>

Here is the link for our petition. <https://www.change.org/banrodenticidesontario>

We are making some exciting headway with the City of Toronto. There is a real appetite for a ban there.

Thanks again for all that you are doing for the lake association and for the support!

Sincerely,

Allison Hansen
